Dear Parents/Guardians

**Re: Parent Payments – Year 11 Students 2021**

In preparation for 2021, we are forwarding invoices detailing the relevant Parent Payments due for your child’s programs for next year. Once again, I would like to take this opportunity to explain to you the payments we charge, and the reasons for why these charges are a necessity.

As a government school, we take pride in endeavouring to provide the very best of resources and facilities for our students. While the Department of Education provides funds to cover the basic curriculum, we believe our students are deserving of high quality programs that go beyond a basic standard. To ensure the advantages that such quality programs bring, we must continuously maintain and upgrade our facilities and resources, and your payments make an important contribution to this.

**Parent Information**

The School Council has endorsed a number of payments and they are as follows:
